Anchor HIGH HEAT

Anchor High Heat is an aerosol that works as a protective and decorative paint which is heat stable for temperatures up to 600°C. It is suitable for use on motorcycle exhausts, domestic stoves, furnace chimneys, industrial ovens. It can be used as a single coat, or multiple coats on bare ferrous metal surfaces.

Anchor PROMARK

Anchor Promark is a premium high pigment marking paint. Provides highly visibility to a variety of substrates like timber, construction, warehouse, bitumen, concrete markings. Also excellent for graffiti art.

Anchor GLOW MAX

Formulated with premium quality phosphorescent pigments, Anchor Glow Max is an excellent glow in the dark aerosol that recharges with exposure to light. A great product for bikes, sporting equipment, safety markings and other decorative purposes.

Anchor ADHESION PROMOTER

Anchor Adhesion Promoter is a fast drying, clear primer that helps paints adhere to diverse range of surfaces such as automotive plastics, vinyl, trim, bumpers, fiberglass and more.

Anchor CANDYTONE

Produces a high gloss transparent color shades that does not require priming. Using a metallic silver base creates the candy tone metallic effect. The end result is a greater visual depth and tonal variation under sunlight.

Anchor SPARKLING

Anchor sparkling is a metallic sparkling aerosol designed for diverse substrates and works on most surfaces: metal, concrete, glass, wicker and wood. Universally suitable for interior or exterior environments.

Anchor SPRAY PAINT

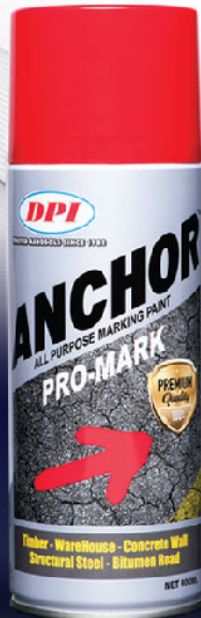

Anchor is the most popular high build and quick drying general purpose spray paint appreciated for its wide color range and excellent durability. Available in brilliant high gloss, matt colors and perfect for large indoor and outdoor projects.

Anchor GOLD

Premium shades of gold suitable for rich, brilliant finish for interior and exterior decorative projects. Works well on wood, metal, plaster and other materials.

Anchor FLUORESCENT

Renowned for its brilliant neon fluorescent colors that not only radiate by day, but also glow warmly by night under UV light. Designed to create high visibility.
